

GENERAL OVERVIEW OF THE NET REMEDIES

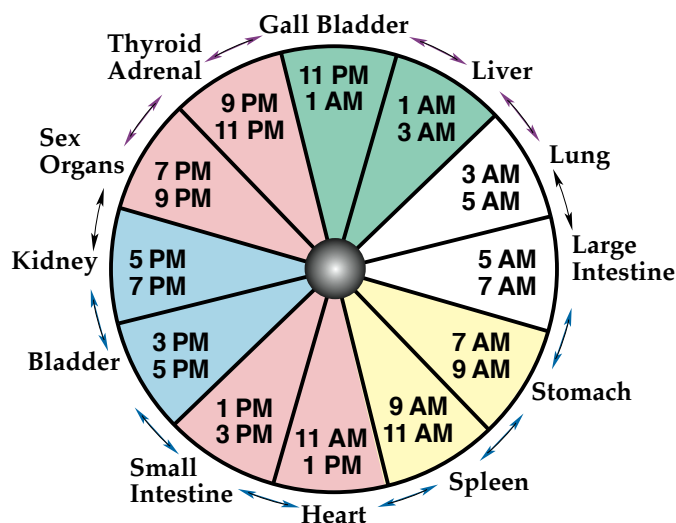

NET Remedies are 100% natural and contain **no alcohol, gluten, sodium, sugar or yeast**. They are safe for all ages (including babies, pregnant and nursing mothers), and they are compatible with vitamins, nutritional supplements, herbs and medicines (including prescription drugs).

General dosage recommendation is 9-12 sprays directly in the mouth, 3 times a day for 2 weeks. For young children and infants, half the number of sprays is generally recommended.

NET Remedies can also be sprayed directly on the skin (avoid spraying on open wounds). In addition, they can be administered by spraying into the air and ‘*breathing in*’ while walking into the mist.

Note: The ‘frequency’ of how often a remedy is taken is more important than ‘how much’ is taken at one time. In times of crisis, additional sprays can be taken every 15 minutes or as often as needed.

- #1 **Earth** — Stomach, spleen & pancreas-related conditions, low self-esteem, disgust, etc.
- #2 **Metal** — Lung and large intestine-related conditions, grief, sadness, etc.
- #3 **Water** — Bladder and kidney-related conditions, fear, paralyzed will, etc.
